Demarcation ----

Proposing ----- of bends of fields with stones in Ernad and Walavanad and in South Kanara district.

R.O.C.No.558-R/F of '22.

Survey Office, Madras,
9th March 1923.

From

F.P. Vincent Gompertz, Esq.,
Director of Survey,
Post Box No.404,
Triplicane,

To

The Secretary to the Commissioners of
Land Revenue and Settlement,
Chepauk, Madras.

Sir,

In continuation of my letter R.O.C.No.558-R/F of '22 dated the 2nd instant, I have the honour to state that the Collector of Malabar and the Officer in charge of No.VIII Survey Party think it advisable to demarcate bends of survey fields with stones in the area now being resurveyed in Ernad and Walavanad,-i.e., in those whose survey records have been destroyed - as the major part of the area consists of topes with walls or fences, and a few more stones will make identification of fields and measurement of subdivisions after survey far easier

for the Revenue department. I believe the Commissioner is in favour of stones at bends of fields being maintained in the South Kanara district.

The cost of fixing stones at these points will be egligible if done during the resurvey, but expensive if it has to be done later; and, I have accordingly instructed the Officer in charge to fix the stones in anticipation of sanction, and request my action may receive approval. Stones were fixed at these points during the initial survey and some of course, still remain.

I have the honour to be,

S i r,

Your most obedient servant,

For Director of Survey.

S.S.13-3-23.

A | The D.S. promised me a note about special staff work in Malabar. Has it come?

Have instructions been issued to the surveyors who are now resurveying in Ernad & Walavanad taluks where the survey records were destroyed during the Moplah rebellion? I mean as regards the subdivisions (eg. for different tenants)

Commissioner's Query A

The D.S. has issued instructions to the officer in charge of No. VIII Party to inform the Collector that no special staff is at present necessary.

Commr's query B

2/ In his letter R.O.C. No. 558-R/22, dt. 5.3.23, the Director of Survey proposes demarcation of bunds of fields with stones in Ernad and Walavanad taluks and has issued instructions accordingly. No other instructions seem to have been issued - D.S. may perhaps be asked. Submit etc. 14/3 P.T.O.

The D.S's action may be approved.

Resubmitted

The Officer in charge of the survey party proposed to the Collector to measure Kanam subdivisions and Veerampattam house sites. The Collector agreed & the Dir of S has issued orders accordingly. They have requested the Dir of S to measure also ordinary veerampattam subdivisions in two villages of Ernad the survey of which is to be completed rapidly so as to admit of a report on the old survey.
Commissioner may be certain that surveyors are always given clear orders in writing as to what they have to do & are punished if they do more or less than is ordered.
